## PROBING MONT PELEE

Professor Hill's Scientific Research  
In Volcanic District.

### NEW AND OLD CRATERS ACTIVE.

Greater Portion of St. Pierre Was  
In the Zone In Which All Life,  
Vegetable and Animals  
Was Annihilated.

Fort de France, May 27.—Professor Robert T. Hill, United States government geologist, and head of the expedition sent by the National Geographical society, has just come in from a daring and prolonged investigation of the volcanic activity in Martinique.

Professor Hill chartered a steamer and carefully examined the coast as far north as Port de Macouba, at the extreme end of the island, making frequent landings. After landing at Le Precheur, five miles north of St. Pierre, he walked through an area of active volcanism, to the latter place and made a minute examination of the various phenomena disclosed.

Professor Hill is the first and only man who has set foot in the area of the craters, fissures and fumaroles and, because of his high position as a scientist, his story is valuable. In addition to his work of investigation, the professor rescued in his steamer many poor people of La Precheur, who had ventured back after deserting their homes and found themselves in awful danger. He reports as follows:

"The zone of the catastrophe in Martinique forms an elongated oval, containing on land about eight square miles of destruction. This oval is partly over the sea. The land part is bounded by lines running from Le Precheur to the peak of Mont Pelee, thence curving around to Carbet. There were three well marked zones: First, a center of annihilation, in which all life, vegetable and animal, was utterly destroyed, the greater northern part of St. Pierre was in this zone; second, a zone of singeing, blistering flame, which also was fatal to all life, kill all men and animals, burning the leaves on the trees and scorching, but not utterly destroying, the trees themselves; third, a large, outer, non-destructive zone of ashes, wherein some vegetation was injured. The focus of annihilation was the new crater midway between the sea and the peak of Mont Pelee, where snow exists, a new area of active volcanism, with hundreds of fumaroles or miniature volcanoes. The new crater is now vomiting black, hot mud, which is falling into the sea. Both craters, the old and the new, are active. Mushroom-shaped steam explosions constantly ascend from the old crater, while heavy ash-laden clouds float horizontally from the new crater. The old ejects steam, smoke, mud, pumice and lapilli, but no molten lava.

"The salient topography of the region is unaltered. The destruction of St. Pierre was due to the new crater. The explosion had great superficial force, acting in radial directions, as is evidence by the dismounting and carrying for yards the guns in the battery on the hill south of St. Pierre and the colonial statue of the Virgin in the same locality and also by the condition of the ruined houses in St. Pierre.

"According to the testimony of some persons there was an accompanying flame. Others think the incandescent cinders and the force of their ejection were sufficient to cause the destruction. That must be investigated. I am not following the nature of this hill."

This is the first positive and scientific statement based on observed facts. Professor Hill has now started on horseback for the volcano. He will study the whole affected area and will try to get to both craters. He will visit Morne Rouge and the slope of Mont Pelee. The undertaking is very hazardous, as explosions may occur at any moment, as one did May 20. Professor Hill knows the risk he takes, but says the only way to discover exactly what has happened is to go to the crater itself or as near it as possible. He will be gone two days.

### Again In Eruption.

Fort de France, Island of Martinique, May 28.—Mont Pelee is again in eruption. Huge, inky-black clouds are rolling over Fort de France in great masses, in which there are peculiar lightning flashes. The inhabitants are now flocking into the great square of the town. If the demonstration increases a panic is imminent. A very heavy surf has been beating on the shore for the last two hours, and

an enormous, greyish yellow cloud, at a great height, is dimly visible in the direction of Mont Pelee. The night is intensely dark and the stars are only faintly visible. Fort de France is in no danger from the volcano.

### Ashes From Mont Pelee.

Roseau, Island of Dominica, B. W. I., May 28.—During the whole of the night ashes from the volcano of the island of Martinique fell here in greater quantity than ever experienced since the outbreak of Mont Pelee.

### Will Scatter Refugees.

Paris, May 28.—In order to avoid a possible epidemic among the 7,000 refugees now at Fort de France, it has been decided to distribute them among a number of depots.

### A BOHEMIAN YOUTH

Murders His Sweetheart and Then Shoots Himself.

Chicago, May 28.—Emil Rossman, 19, shot and killed his sweetheart, Sophia Batal, and then shot himself. It is believed he will die. The girl was but 17. She and Rossman came to Chicago two months ago from Bohemia with an aunt. They were sweethearts in the old country and the girl was brought along because Rossman had threatened to kill her and himself if any attempt was made to separate them. The opposition to the union was due to the youth of the pair. Sunday night both of them were missed and the police were notified. It was not till early morning that they were found lying side by side under a sidewalk on the West Side. The girl was dead with a bullet in her brain. Rossman was also shot in the head, but he still breathed faintly.

### A Phony Parade.

London, May 28.—A full rehearsal of the coronation procession, along the whole length of the route, from Buckingham palace to West Minister, took place. The attendants and the horses were practically the same as will take part in the parade June 26. The vehicles were plain coaches and brakes, representatives of the elaborate state equipages which will be used on coronation day, and grooms and outriders representing the notable personages who will ride in attendance on their majesties. The first nine carriages will be occupied by members of the British royal family. They will be followed by vehicles containing their suites. The great state coaches, which will come last, was represented by a big drake drawn by the eight cream-colored Hanoveris which figured in the procession at the time of the late Queen Victoria's jubilee and on the occasion of her funeral.

### Omitted From Records.

Washington, May 28.—Captain McDonald continued his statements before the Philippines committee and presented official statements to refute the testimony of Corporal O'Brien. Senator Rawlins said the statements were unnecessary to refute O'Brien. Senator Dietrich retorted that if O'Brien's statement had been suppressed at the point where the minority wanted it, enough would have leaked out to give designing politicians an opportunity to make use of it. Mr. Rawlins resented this remark and said if he could not be protected in the committee he would remain away. Chairman Lodge stated that Senator Dietrich's remark was not in order and that the latter responded that he did not intend to call high-minded senators designing politicians. All reference to the incident then was stricken from the record.

### Victim of Cholera.

Manilla, May 28.—Captain Charles E. Russell of the Eighth Infantry is dead. He was the first officer to die of cholera. Up to the present in Manilla there have been 25 cases of cholera and 20 deaths among the Americans and 13 cases and 10 deaths among the European population. The cholera totals to date are as follows: Manilla 1,165 cases and 935 deaths; provinces 5,001 cases and 2,878 deaths.

### Entertainment at St. Louis.

St. Louis, May 28.—Preparations for the world's fair management for the entertainment of the distinguished French visitors, including Comte de Rochambeau, Marquis de Lafayette, General Brugere, Admiral Poincaré and the ladies of their party contemplates participation in the program by the Daughters of the American Revolution.

Philadelphia, May 28.—Five hundred damask weavers went on strike here for higher wages, closing a number of mills. It is contended by the strikers that their wages have been reduced 40 per cent on the last 12 years, and although increases have been promised a number of times, none of these were ever realized.

## OPPOSED TO THE PLAN

Of Having United States Senators  
Elected by Direct Vote.

### ADVERSE REPORT ON RESOLUTION.

Senate Committee on Privileges and Elections Declares Against the Action of the House on Election of Senators.

Washington, May 28.—Mr. Burrows, chairman of the committee on privileges and elections, reported that the majority of the committee was opposed to the house resolution providing for the election of senators by people; that a majority of the committee was in favor of the Depew amendment, providing the election of senators in all states shall be uniform and congress shall have power to enforce the amendment, and finally the majority of the committee was opposed to the resolution as amended.

In answer to inquiries, Mr. Burrows said that the committee by majority vote had refused to report the resolution as amended to the senate, either favorably or adversely. He said the committee had not directed him to report the resolution to the senate, either favorably or adversely.

Mr. Wellington (Md.) moved to discharge the committee from further consideration of the resolution. This motion went over at the suggestion of Mr. Hoar.

### Convention of Pythians.

Cincinnati, May 28.—The thirty-third annual convention of the grand lodge of Ohio, Knights of Pythias, began its session here, to continue until Thursday. At the same time the Rathbone Sisters, an organization named after J. H. Rathbone, the founder of the Knights of Pythias, hold their annual meeting. Over a thousand Knights are in attendance and the influx of visitors will reach into thousands. Julius Fleischman made the address of welcome to the grand lodge, and Hon. L. W. Ellwood, grand chancellor of Ohio, responded. The meeting was preceded by a brilliant parade of Knights in uniform.

### Budget Discussion Postponed.

London, May 28.—A. J. Balfour, the government leader, made no statement in the house of commons regarding the peace negotiations, but he announced a postponement of the discussion of the budget, fixed for this week, regarding that it would be very inconvenient to debate the budget while there were other things in the balance. He subsequently explained that it would be impossible in discussing the budget, to prevent references to the peace negotiations.

### Not Well Founded.

Knoxville, Tenn., May 28.—Judge C. M. Clark of the United States circuit court has handed down an opinion in the case of Rogan, Noce and Smith, of Rogerville, Tenn., vs. Virginia-Carolina Chemical company et al., in which he holds that the plaintiffs' claim for damages from the defendant to the amount of \$5,000 on the ground that the defendant company has created a combine in this and other states in the fertilizer business, is not well founded.

### Will Receive Pay.

Hazleton, Pa., May 28.—Everything is quiet at the Cranberry colliery of A. Pardee & Co., where the engineers, firemen and pumpmen quit. Several clerks employed at the Silver Brook colliery who refused to act as firemen and pump runners, were discharged. This week most of the strikers in the Hazleton district will receive their wages for the first half of May. This will be the last distribution of wages until the suspension is ended.

### Body Found.

St. Louis, May 28.—The body of Dr. Edward L. Thuman, who disappeared Sunday, was found on the bank of the river a few blocks south of the place where his coat, hat and valuables were discovered. J. J. Thuman, brother of the dead man, who knew of no reason for the doctor's suicide, said: "While my brother was discouraged in a professional way, he had plenty of money and seemed to enjoy life."

Chicago, May 28.—A committee of telegraph operators representing the men employed on the Illinois Central railroad met representatives of the company to discuss a proposition submitted by the telegraphers. The railroad officials heard the grievances and an early reply is expected. The principal grievance is in the pay the men are receiving and the number of hours they are required to work.

### WESTERN RAILROADS

Are Accused of Giving the Sugar Trust Special Rates.

Chicago, May 28.—Some of the western railroads are accused of helping the American Sugar Refining company, commonly called the "sugar trust," in its efforts to kill the beet sugar industry in Nebraska and Colorado.

The Rock Island, Missouri Pacific and the Missouri, Kansas and Texas railroads have joined the Mallory steamship line in making a thorough rate of 33 cents per 100 pounds on sugar from New York, via Galveston to Kansas City, St. Joseph, Omaha and Lincoln, Neb. On this rate the so-called sugar trust has just shipped into the Missouri river territory 260 carloads of sugar, aggregating 5,000,000 pounds. The result is that this sugar is put in that market at a lower figure than the beet sugar growers of Nebraska and Colorado can meet and realize any profit. The Illinois Central railroad has given notice that it will join in making via New Orleans the same rate of 33 cents from New York to Missouri river points that other roads are making via Galveston.

### Loubet's Arrival in France.

Dunkirk, France, May 28.—The French squadron of warships which recently visited Cronstadt, Russia, as an escort to President Loubet, arrived here. M. Loubet landed at noon. He was welcomed by the mayor and received an ovation from the populace. The president proceeded to the chamber of commerce and at a luncheon subsequently, he expressed his delight at the extreme cordiality of the welcome extended to him by both the imperial family and the people of Russia. The strengthening of the bonds uniting Russia and France would, he believed, have the beneficial effect of causing Frenchmen to forget their own differences, which were more apparent than real, and to turn their united attention to financial, economic and social problems urgently requiring settlement.

### United Presbyterians.

Pittsburg, May 28.—Commissioners to the forty-fourth annual meeting of the general assembly of the United Presbyterian church of North America, have arrived. One of the most important matters for consideration this year will be the report of the committee on membership covenant. There is an element in the church opposed to the purpose for which the committee was appointed—moderating somewhat the terms of reception into the church. There are many in the church who have long thought the present requirements for admission to the churches are far too rigid and not in harmony with the system and spirit of modern times.

### A Settlement Reached.

Washington, May 28.—The strike of the union carriage workers of this city, which has been in force for seven weeks, has come to an end, both employers and the union making concessions. An agreement was signed by which eight hours are to constitute a day's work, the minimum scale of wages to be \$2 per diem with extra pay for than eight hours and double pay for Sunday. Non-union men now employed in the different shops are to make application for membership in the union. The agreement is to become operative Aug. 4th, work in the meantime to be under the old system of hours and wages.

### American Exchange Smashed.

Paris, May 28.—The American exchange has been smashed by an angry mob. The proprietor, Donald Downie, formerly of New York, had an altercation with one of his French employees. The latter was slightly intoxicated and refused to leave the premises, whereupon Mr. Downie caned him severely. An angry mob quickly gathered, as is usual in Paris and seeing blood flowing from a Frenchman, the crowd began by smashing the windows and finally wrecking the place.

### Both Measures Signed.

Washington, May 28.—The cabinet spent much time in discussing two important measures—the Indian appropriation bill and the omnibus claims bill. Both were found to contain objectionable items, but these after full discussion were decided to be of trivial importance compared with the other features of the bill. Both measures were signed by the president.

### Counterfeiter Escapes.

Chicago, May 28.—Handcuffed to two other prisoners and a deputy United States marshal, Fred Littleton, an alleged counterfeiter, being taken to the federal prison at Milwaukee, succeeded in removing his handcuffs in the union passenger station and escaping. Several shots were fired at him, but he was not hit.

## BARRED OUT OF CHILI

Another Place of Refuge For Criminals  
From United States Closed.

### NEW EXTRADITION TREATY SIGNED.

After Several Years of Negotiations  
the United States and the South  
American Nation Reach  
an Agreement.

Washington, May 27.—Secretary Hay closed up one of the principal places of refuge for criminals committing crimes in the United States when he exchanged the final ratifications with Walker Martinez, the Chilean minister here, of the new Chilean extradition treaty. The United States had no such a treaty with Chili and some of the most notable defaulters and embezzlers from the United States have found safety in that country. It has been difficult to secure a satisfactory treaty and the negotiations which lead up to the drafting of this arrangement lasted several years.

### Testimony Against the Beef Trust.

Albany, N. Y., May 28.—The hearing into the operation of the alleged beef combine was continued before Former Justice Judson S. Landau as referee. The first witness was William A. Coffey of Troy. He testified that he was formerly employed by the western packing houses to represent them in Troy and to furnish them weekly with a list of the retail meat dealers in his territory who failed to settle their bills for meat delivered each week. The object of this, he said, was to compel butchers who were slow in paying for goods to pay cash for their meat until such time as they agreed to settle their accounts weekly. He said that he had been notified last week that there was no longer any need for his services, as the working agreement between the packing houses was no longer in force.

### At West Point.

West Point, N. Y., May 28.—Count de Rochambeau and party arrived on the West Shore road. They were met by the academy board and headed by a detachment of cavalry, were driven in a pouring rain to the academy, passing the cadets standing at "present arms" and the band playing national anthems. The party, headed by the count, walked to the parade ground and with the rain still falling in torrents, walked around the entire six companies and inspected them. The cadets then passed in review before the visitors. An athletic exhibition was given in the gymnasium at which Count Count De Rochambeau congratulated the cadets on their skill. An inspection of the various buildings and departments were made and a photograph of the party was taken on the chapel steps.

### Fatal Explosion.

Richmond, Va., May 28.—One dead and five seriously, if not fatally injured, is the result of a locomotive explosion in Manchester, Va. The accident occurred on the tracks of the Atlantic Coast line, the engine being attached to train No. 91, a local freight which left this city at 5:05 a. m. for Smoky Mount, N. C. The cause of the explosion is a matter of conjecture. A coroner's jury has been summoned and will try to fix the responsibility. Robert G. Wahmeyer, engineer, 27 years old, of Manchester, was killed.

### To Quash Writ.

Jefferson City, Mo., May 28.—Attorneys for the Schwartzschild and Sulzberger company of Kansas City, filed a motion in the supreme court to quash the alternative writ issued at the instance of Attorney General Crow for the ouster of the defendant for being in the beef combine. The motion is the same as filed in the cases of other respondents. It alleges the writ was improperly issued in vacation. The court en banc will probably pass on the motion June 4, when it will meet to render opinions.

### Miners Return to Work.

Springfield, Ill., May 28.—Union miners at Litchfield, whose union was suspended by the state executive board of United Mine Workers of America, or not returning to work when ordered to do so by the president, have returned to work, Manager Crabbe having agreed to abandon some of the low coal veins in which the miners claim they had to work and were unable to make money by mining coal.

A German paper says some New York men are arranging to give Emperor William a statue of George Washington.

The reviewing authority, in passing on the findings of the court-martial which tried Major Waller and Lieutenant Day for their savage work in the Philippines, took quite a different view of the matter from that held by the members of the court-martial. The reviewing authority roundly expresses its disapproval of the result, claiming that while Waller was not guilty of murder, he should have been convicted on the minor charges. The killing of the natives by the Americans is branded as "one of the most regrettable incidents in the annals of the military service of the United States."

## OPEN BALLOT

Necessary for Election of School Trustees.  
 Another Decision of the Court of Appeals on Subject.

FRANKFORT, Ky., May 27.—The Court of Appeals to-day handed in an opinion by Chief Justice Gully, reversing the Kentucky Circuit Court in the case of A. R. Elliott, &c., vs. B. W. Burk, &c.

Elliott and others, acting members of the Board of Education in Ludlow, sued to enjoin Burk, &c., elected by secret ballot in November, 1901, from acting. Burk, &c., sued for a mandatory injunction to compel the old trustees to allow them to act. The Circuit Court adjudged Burk, &c., entitled to the offices. This the court here reverses, Justice DuRelle, Hobson and White dissenting in a joint opinion.

The court here says that members of a Board of Education cannot be elected by secret ballot in cities of the fourth-class, but must be elected by viva voce vote.

Burk, &c., contended that there was a failure to elect in November, and that the Common Council could fill the vacancy under Section 3604, Kentucky Statutes. This section does not apply, says the court here.

## POLITICAL HONORS

Are Being Energetically Sought by Several  
 Greenup County Republicans.

GREENUP, Ky., May 26.—Greenup County is developing into a hotbed of political aspirants for office. First on the list is Dr. A. S. Brady, who is more than anxious to contend with the Hon. J. N. Kehoe for Congressional honors. Then comes County Judge Joe H. Bennett, who would like to go up higher and succeed Circuit Judge James P. Harbeson. William J. A. Rardin aspires for the nomination for Commonwealth's Attorney, but his chances are lessened by Judge Bennett's candidacy for Circuit Judge. There are still others on the Republican side willing to try for these places in the coming conventions, but those mentioned are foremost and the others are only dark horses.

The Democrats of the county are satisfied to renominate the old standard-bearers and will give them hearty support. Paynter for Appellate Judge, Harbeson for Circuit Judge and Kehoe for Congress, will be the Democratic ticket.

## WADSWORTH VS. CITY.

Syllabus of the Opinion of the Appellate Court in the Above Case.

Affirming the above case, the Court of Appeals says:

First—The compensation of a Police Judge fixed by a valid ordinance cannot be changed after his election or during his term of office.

Second—Under Ky. St., Sec. 3515, part of charter of cities of the fourth class, providing that fees in the Police Court "in all other than civil cases shall be paid into the City Treasury," and that the Board of Council shall by ordinance fix the compensation of the Police Judge, and id., Sec. 3528, part of same charter, providing that "when any fine or costs shall be paid by labor, the city shall not be liable to any officer for any part of such fine or costs," an ordinance fixing the compensation of the Police Judge at "\$300 per year and fees" cannot be regarded as providing for payment to the Police Judge of any fees in criminal cases, whether they be paid in money or by labor.

Third—Even if the ordinance could be construed otherwise it would be in conflict with the charter and to that extent void, as a city cannot make a contract prohibited by its charter, and besides Const., Sec. 162, prohibits a city from paying any claim created by contract made without express authority of law.

Thos. R. Phister, A. E. Cole & Son for appellant; E. L. Worthington, Thomas M. Wood for appellee.

# VELVET CARPETS

"Wilton Velvets" and "Extra Velvets" are trade terms for worsted velvet carpets—probably the most economical carpet one can buy. Loose-twisted wool is used in cheap grade velvet carpets. It isn't "springy." Chairs and other furniture soon make depressions that stay. Dirt adheres to the loose soft pile. But Worsteds Velvets, honestly made, are not hurt by furniture marks, and dirt is easily dislodged. They wear and are pretty while a scrap remains. It's an excellent carpet investment at \$1 a yard.

## SNOWY CURTAINS.

What room doesn't look better and cooler with pretty white curtains? They give a refreshing sense of cleanness and crispness. Brief items from what might be a catalogue:

Nottingham Curtains, beautiful plain or floral centers with wide, elaborate borders. Close well made curtains and good sellers. A pair \$1.25

Entirely new fancy Nottingham Curtains made with point d'esprit centers and lace insertion and edge. Size sixty inches by three and one-half yards. A pair \$3.41

Fine Calais Curtains in well covered and showy designs. Splendid net and patterns beautifully executed. A pair \$2.41. Would be cheap at \$3.41.

A strong pattern in first-class Brussels Curtains at \$3.75.

Handsome Point de Arabe Curtains—cream net with design embroidered in bold relief. A pair \$5.

## PORTIERES.

Bagdad and Persian stripes, Derby and Armure weaves, rich Brocades, Bromley's Royal Velour. Altover figures in exquisite colors, also plain colors with artistic borders. Some portieres are hemmed, others have elaborate trellis fringes.

**\$2.50 to \$7.50 a Pair.**

Portiere Tapestries, by the yard 50c. to \$1.41.  
 Heavy ribbed, French Cretonne, also fine hand-blocked Cretonne, 36 inches wide, 18c. a yard.

## COUNTY LEVY

Fixed at 62 Cents On \$100, 4 1/2  
 Cents Less Than Last  
 Year.

Fiscal Court Completes Its Work—Claims  
 Allowed and Other Matters  
 Disposed Of.

The Fiscal Court reconvened Tuesday, all Justices and the County Attorney present and Judge Newell presiding.

The allowance of \$100 to Infirmary Superintendent Slattery for burying paupers and attending to pest house was reduced to \$50. Mr. Slattery is hereafter to keep a list of such burials outside of the Infirmary, with name, date, &c., and to receive \$2.50 for each.

Judge Whitaker addressed the court in regard to the Higgins' claim for taking care of a pauper. It was not allowed.

The county levy was fixed as follows:  
 For M. and B. S. fund..... 2 cents on \$100  
 For school fund..... 15 cents on \$100  
 For free pike fund..... 25 cents on \$100  
 For general claims fund..... 7 cents on \$100  
 For infirmary fund..... 6 cents on \$100

Total..... 62 cents on \$100  
 This is 4 1/2 cents on the \$100 less than the levy last year. The reduction is due to the fact that State Auditor's Agent Watson has turned into the county treasury about \$9,000 in back taxes collected in last few months.

The poll tax was fixed at \$1.50 for each white and colored tithe.

A motion to increase the allowance for the extension of the Hill City pike was lost, Judge Newell casting the deciding vote.

The committee to confer with the city in regard to the improvement of Forest avenue reported that if any part of said street is outside the city limits that part should be kept up by the county and for this purpose the county tenders use of the gravel bank at the infirmary.

The specifications for the extension of the Hill City pike were changed so as to require the coarse or bed rock to be seven inches deep instead of eight inches.

The sum of \$10 was allowed Auditor's Agent Watson for services to the Board of Supervisors.

Each Justice was allowed \$6 for two days attendance at court.

For services on various committees allowances were made to the Justices as follows:

W. B. Grant..... \$15.00  
 S. T. Farrow..... 20.00  
 F. Dressel..... 3.00  
 W. H. Rice..... 3.00  
 J. J. Thompson..... 35.00  
 John Clark..... 18.00  
 John Cochran..... 6.00  
 J. J. Perrine..... 6.00

"Squire Grant was allowed \$3 for services as acting County Judge.

J. R. Roberson was allowed \$13.85 for taxes erroneously assessed in Sardis precinct.

The list of delinquent taxes was filed. Claims were allowed as follows:

Roberson, J. R., Sheriff's fees and tax books..... \$101.05  
 Rosser & McCarthy, publishing claims..... 25.00  
 Public Ledger, publishing claims..... 25.00  
 A. F. Curran, publishing claims..... 12.50  
 Dover News, publishing claims..... 12.50  
 Lane, W. B., conveying smallpox patient..... 10.00  
 C. D. Newell, expenses to Frankfort..... 10.00  
 W. H. Robb, expenses to Frankfort..... 10.00  
 W. E. Stallcup, expenses to Frankfort..... 10.00  
 A. F. Wood, expenses to Frankfort..... 10.00

Court adjourned till court in course.

## Board of Education.

Friday being Decoration Day there will be no school on that day; therefore the regular monthly meeting of the Board of Education will be held on Thursday evening.

The ladies of the Mayslick Baptist Church will serve ice cream and strawberries at the parsonage Saturday, May 31st, from 4 to 10 o'clock p. m. All are invited.

The State Board of Valuation and Assessment has fixed the franchise valuation of the Illinois Central at \$3,628,567. The gross assessment of the Chesapeake and Ohio was placed at \$10,000,000, an increase of over \$1,000,000 over last year.

Mr. W. E. McCann, a son-in-law of Col. and Mrs. W. W. Baldwin, has sold his china store at Lexington to R. T. Anderson, Jr., and T. H. Dudley. Mr. McCann has been successful for twenty years and retires to give more attention to his farm. Mr. Anderson married Miss Lutie Respass, daughter of Captain and Mrs. A. C. Respass.

Miss Bessie Talbot, who has been a missionary of the Southern Presbyterian Mission Board at Kasing, China, the past seven years, has returned to her home at Versailles. Miss Talbot was in the midst of some very exciting scenes during the Boxer uprising in China two years ago and her life was often in peril. On one occasion, with her brother-in-law and sister, Dr. and Mrs. W. H. Venable, she was compelled to flee by night to Shanghai.

## KENTUCKY CROP OUTLOOK.

What the Weather Bureau Says of Prospects Throughout the State—Wheat Has Improved, But Will Be Short.

[For Week Ending May 27th.]

The temperature averaged considerably above the normal during the week. The rainfall was fairly abundant throughout the State and extremely heavy in the north-central portion. Under these favorable conditions, crops generally show considerable improvement.

In the central and eastern portions of the State wheat has improved considerably, but it will be a very light yield.

Corn is growing nicely and is being cultivated.

Tobacco is being set out as rapidly as possible. In the west the plants are large and plentiful, but the rainfall was not heavy enough to make a good season for transplanting. In the central and eastern portions the weather was more favorable, but plants are generally very scarce and small.

Fruit is doing fairly well. There will be some peaches in the eastern section. Strawberries and cherries are ripening and good crops are reported.

Oats, rye, clover and grass are improving quite decidedly.

Gardens are growing nicely and look very promising. Irish potatoes are doing fairly well, but the bugs are attacking them. Hemp is starting out well and bids fair to make a full crop.

Farm work has been delayed in the central portion by rain, but is not badly behind.

Cut-worms continue their depredations, but are not as bad as they have been. Seventeen-year locusts have appeared in great numbers in many localities, but no damage from them has been reported.

Excessive rain in the north-central portion has caused considerable damage to crops by washing them out of the ground and by flooding them.

The sale of Cooper's Hall takes place to-morrow afternoon.

The prediction of the Washington weather prophet was verified, as there was frost in abundance on the hills this morning, but, so far as could be learned, no material damage was done.

### SUDDEN DEATH.

**Mrs. John C. Lovel Succumbs to Stroke of Apoplexy After Only a Few Hours Illness.**

Mrs. John C. Lovel died at 8 o'clock this morning at the home of the family at the Hill House, of apoplexy. She was stricken only six hours before, and the news of her sudden demise came as a shock to her many friends throughout the city.

Mrs. Lovel was a daughter of J. W. and Mary Darrow and was a native of Dayton, O. She would have been fifty-two years of age next Friday, having been born May 30, 1850. Her husband and one daughter, Miss Irma, survive her. Mrs. Lovel was a devoted member of the Christian Church, and was a woman whose gentle life and many noble virtues won her the love of all who knew her.

The funeral will take place Friday afternoon at 2 o'clock at the home at the Hill House, Elder R. E. Moss officiating. Interment in the Maysville Cemetery.

Three sisters, Mrs. M. A. Bidleman, of St. Paul, Mrs. J. C. Morrison, of Dayton, O., and Mrs. W. H. Armstrong, of Ripley, and one brother, Mr. A. P. Darrow, of Cincinnati, survive her.

J. A. Shriver has been commissioned postmaster at Manchester, vice W. B. Lang, whose term expires next February. The Postmaster General telegraphed Shriver to take charge and return an inventory. Lang refused to vacate and has employed attorneys to fight his removal.

Mrs. Cheney, of Hillsboro, O., is visiting her parents, Rev. and Mrs. T. S. Buckingham, at Washington.

Nabisco sugar wafers—Calhoun's.

The Cadets are requested to meet at their hall at 7:30.

Ironton pays her Superintendent of Schools \$1,800 a year.

Come to the strawberry supper tonight at the M. E. Church.

Henry W. Ray has started his soda water fountain for the season.

The Kentucky Baptist ministers' meeting will convene at London, June 10th.

John W. Bradford, of this city, has been granted an increase of pension to \$12 a month.

Mrs. J. W. Downing, who has been very ill at the home of her parents, Mr. and Mrs. Byar, in Bracken County, is now convalescent.

The Times-Star says Elder J. B. Jones, of Bellevue, who married a Miss Hord, of Wedonia, may remove further South on account of his wife's health.

Mr. William T. Hancock, recently employed by the Electric Light Company, has gone to Cincinnati to secure a position. His wife expects to join him soon.

See us for low prices on diamonds and watches. Our stock is the best; our prices the lowest; assortment the largest—all guaranteed to be cheaper than goods of same quality can be duplicated for anywhere. MURPHY, the jeweler.

Mrs. Carson, of Bradyville, O., one of the converts to the Holy Band, has become mentally disturbed. Her husband died a few years ago, crazy from religion. Evangelist Harris has left that section, and now has his tent pitched in Adams County, holding his meetings.

### HIRAM M. CARPENTER.

**A Former Resident of Mason County Died Suddenly Sunday at His Home in Bourbon.**

[Bourbon News.]

Hiram M. Carpenter died suddenly at his residence on the Harrods' Creek Turnpike on Saturday night at 10 o'clock, of heart disease. Mr. Carpenter had retired a few minutes before his death. Soon his wife heard him breathing heavily, and after speaking to him, and receiving no answer, lighted a lamp and seeing his condition, called his aged father, Dr. William Carpenter, then in an adjoining room, but before he arrived, Mr. Carpenter expired.

He was sixty years of age, and leaves a wife, nee Osborne, from Mason County, and four daughters, Mrs. James A. Darnaby, Misses Judith, Maude and Ira. Also a little grandson, Walter Matt Talbot, whom he had raised. Just three years ago, the little boy's sister, a great favorite of her grandfather, then ten years of age, was thrown from a horse and killed.

"Mr. Carpenter was First Lieutenant of Company F., Second Kentucky Infantry, of the famous Confederate Brigade. He was present and took part in the battles of Fort Donaldson, Hartsville, Stone River, Jackson, Chickamauga, Mission Ridge, Rocky Face Gap, Resaca, Dallas, Kenesaw Mountain, Peach Tree Intrenchments, Utoy Creek, Jonesboro and mounted engagements. He was awarded a medal of honor for gallant and meritorious conduct."

His funeral took place at his residence Tuesday at 12:30 o'clock. Services by Elder J. S. Sweeney, assisted by Elders Lloyd Darie and C. W. Dick. Burial at Millersburg. Services at the grave by the Confederate Veterans.

The pall-bearers were: Captain E. F. Spears, Captain James R. Rogers, W. H. Whaley, Samuel T. Talbot, C. J. Clarke, Wm. M. Layson, A. T. Forsyth, Joseph A. Miller.

CLOONEY & PERRINE.

Harrodsburg Herald: "W. K. Cardwell tells us that all this worry and breaking of backs over potato bugs is nonsense, and that the best crop he has seen in the last three or four years didn't have a leaf on the vines. He plants his crop, plows it once and turns it over to the tender mercy of the elements and bugs and raises premium potatoes."

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whiskey, apple and peach brandy, California brandy, malt gin, California port, cherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Colonel Robert M. Kelley, who will deliver the address Decoration Day, will arrive from Louisville to-morrow evening and will be the guest of Captain Thomas A. Davis during his stay. Col. Kelley was in command of the Fourth Kentucky during the war, succeeding Col. John T. Croxton on the latter's promotion. The address on Decoration Day will be delivered at Dieterich's park.

Piegah Encampment No. 9, I. O. O. F., has appointed Messrs. Harry C. Curran, J. B. Orr, Jr., Dr. John W. Cartmell, J. L. Daulton and Harry L. Walsh to arrange a banquet and "smoker" in honor of Grand Patriarch J. Barbour Russell, on Monday evening, June 9th, immediately following the next regular meeting. It will be held in the banquet hall of the K. K. Lodge building.

The following is part of quite a long interview with Miss Gallagher, who was a delegate to the Los Angeles convention, and who is to give a lecture in this city May 31st under the auspices of the Nomads:

"It was literally a rose-strewn way," said Miss Mary Gallagher to a Times-Star reporter Wednesday, in answer to a question with regard to the Los Angeles convention of Women's clubs, from which she has just returned. Miss Gallagher was one of the most prominent figures of the convention. It was her cool judgment and speeches that led to an amicable settlement of the color question. It was Miss Gallagher who nominated Mrs. Dexter, the brilliant Colorado woman, for the Presidency of the federation for the next two years.

The Department of Physical Culture at Hayswood will give its closing entertainment at the opera house Monday evening, June 2nd. A drill song "Der Reigen," translated from the German and arranged by Dr. Carl Ziegler of the Cincinnati University, will be given by twelve little girls. A short comedy of one act entitled "The Trouble at Satterlee's" will be given by the young ladies of the advanced class. These, together with the regular gymnasium drills, assure the public of a delightful and interesting program. Admission 25 cents. Seats may be reserved without extra charge. Box sheet opened Friday morning at Nelson's.

## Prosperous Farmers

Save money on wagons and farm implements by painting them with Plantation Implement and Wagon Paint. Do it before the old coat has worn off or if the wood is already exposed, do it at once. Few things yield as much profit for the small cost as paint on your farm equipment—few things are so generally neglected.

Plantation Paints for this purpose come in blue, vermillion, green and black. Being ground in varnish, it dries with a hard, durable gloss, that is a perfect protection to the wagon or implement. We are sole agents.

THE ROLLMAN

Cherry Seeder!

Most useful and perfect contrivance for the purpose of the age. No housekeeper should be without one. It makes cherry-seeding a pleasure instead of a task. Does not crush the fruit or cause any loss of juice; a practical machine for large or small cherries. The seed-extracting knife drives the seed into one dish and throws the cherry into another. The marks of the knife can scarcely be seen on the seeded fruit. Capacity, from twenty to thirty quarts per hour.

Women Who Wear Well.

It is astonishing how great a change a few years of married life will make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage. Many neglect to deal with the unpleasant drains which are often consequent on marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness. As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Half a million women and more have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well.

Little Clara Russell Nute, of Cincinnati, whose illness has been mentioned, was much better at last accounts.
